

**If you are interested in being a part of our program, here are the mitigating measures we are taking to keep the children, the staff and your family safe. New regulations and updates are coming out daily/weekly.**

- We will only be open 8 hours a day (8:30am-4:30pm) ½ day program hours are 9:00am-Noon.
- No more than 15 children in any classroom with up to 2 staff members.
- Masks must be worn by children and staff except during eating or sleeping times.
- All employees are required to be vaccinated.

### **Sign in and out Process**

- Parents will sign in and out at the tables in front of the gate. Parents will not need to enter the campus.
- When you are waiting to sign in, please maintain social distance from other families. When you approach the teacher, she will give you a clipboard with your sign in sheet and health questions. Children will have a temperature taken with a no-touch thermometer. If your child has a 100+ temperature, they will not be allowed to attend and must be symptom free for 72 hours. We will be looking for coughs, runny noses and other signs of illness.
- We will be asking the health and vaccine status of those living in your household.
- Every staff member will have the same health check.

These policies are in place to help stop the spread of the Covid virus.

### **Classroom policies**

- Stable classrooms have been defined by the Department of Public health, as a group of children that remain together, therefore the mixing of children from different classrooms is limited. Classroom equipment/furnishing will be arranged for independent play and distancing.
- Rooms and equipment will be continuously cleaned by staff during the day and by our regular night staff. We will have regular handwashing throughout the day.
- Napping children will be placed 6 feet apart.
- Staff will be given a cloth or disposable face covering to wear throughout the day.
- Parents must supply two face coverings each day for children.
- Children need to bring their own lunch. We will provide AM/PM snacks.
- Children need to bring personal belongings in a bag or backpack.
- Children will need their own labeled reusable water bottle each day.

**This school has a new air conditioning system for the best ventilation and Virus filters in every room. We also use Cetaphil soap for sensitive skin.**

Your safety matters,

Janet Beauieu, Program Director, San Marino Congregational Preschool
